Retenion

After registering concern about whether we are doing enough to retain members at the December EXCOM meeting, SSA Chair Maleady has had the SSA office prepare reports of recently lapsed members for regional directors. I asked Doug Easton to automate this process by sending automated lapsed member reports (from membership@ssa.org) to SSA State Governors and to SSA Regional Directors in cases where there is a lapsed governor or vacancy. Doug also modified the existing lapsed member view available to SSA State Governors to include the year the member joined the SSA. The e-mailed report will look something like this:

This is the recent Colorado pull. I know that several of these members were involved with SSA chapters, so the chapter information has been removed in most cases, thus they have withdrawn from their chapters as well. Some on this list may qualify for an SSA Associate Membership or referral to the SSA Foundation. Governors will be asked to follow-up with reasons for letting the SSA membership lapse. New member reports will also be distributed.
